This Agreement is entered into on this **14th** day of **June, 2017** between **U.S.D #208 Trego County**, Kansas and

Local Law Enforcement Agencies:

WaKeeney Police Department, Trego County Sherriff's Department

Courts Represented:

Trego County District Court: Mr. Richard Flax

County and District Attorney's Office(s) Represented:

Trego County Attorney: Mr. Christopher Lyon

I. PURPOSE OF MEMORANDUM OF UNDERSTANDING

- A. This Memorandum of Understanding (“Memorandum”) is entered into between the **Trego U.S.D. 208** (“School District”), the **Trego Police Department, Trego County Sherriff’s Department, Trego County District Court, and Trego County Attorney: Mr. Christopher Lyon**. The purpose of this Memorandum is to establish understanding between community agencies (“Parties”) involved in the referral of school-based behaviors to law enforcement or the juvenile justice system. The goal of this Memorandum is to reduce such referrals and protect public safety. The Parties understand and agree that each party will use its best efforts to comply with the terms and conditions of this Memorandum.
- B. The Parties acknowledge and agree that decisions affecting the filing of a complaint against a student and whether to restrain a student and place a student in secure detention should not be taken lightly. This Memorandum delineates the responsibilities of each party when school districts are required to report student behavior under Kansas law and when schools need the assistance of local law enforcement and the district and county attorney to protect the safety of all students or an individual student to promote the best interests of the student and the community.
- C. The Parties further acknowledge that avoiding formal arrest, handcuffing, and transporting the student to juvenile intake may help the student avoid being negatively labeled.
- D. The Parties acknowledge and agree that this Memorandum is a cooperative effort among the public agencies named herein to establish guidelines for the referral of school-based behaviors to law enforcement or the juvenile justice system with the goal of reducing such referrals and protecting public safety. The Parties further acknowledge and agree that the guidelines contained herein are intended to establish uniformity in the referral of school-based behaviors to law enforcement or the juvenile justice system while simultaneously ensuring that each case is addressed on an individual basis to promote a response proportional to the various and differing facts which affect each student’s case.
- E. The Parties acknowledge and agree that the matter in which each student incident is handled by the law enforcement officer, school principal or designee, and/or juvenile intake is dependent upon the many factors unique to each student that include, but are not limited to, the student’s background, present circumstances, general demeanor and disposition toward others, student discipline record, mental health status, the student’s individualized education program, crisis plan, behavior intervention plan, criminal record, and other factors. Therefore, the Parties acknowledge that students involved in the same incident or similar incidents may receive different and varying responses

depending on the specific facts relating to the student's behavior and the above factors.

- F. The Parties acknowledge and agree that when responding to a disturbance at a school district location, the law enforcement officers will inquire whether the school involved has exhausted the district's conflict resolution alternatives before making an arrest(s) or removing the student unless a greater public safety concern exists.
- G. The Parties agree that a cooperative effort will be made to coordinate intake services to insure that students who do not meet criteria for placement in secure detention or present a high risk to re-offend are not detained and instead are appropriately placed with parent(s), guardian(s) or in another appropriate setting.

The Parties agree that the response to the commission of a school-based behavior should be determined by the school staff and/or law enforcement officer(s) involved in the incident after reviewing the unique characteristics of each student including the student's discipline history and the facts of the specific behavior incident. The Parties agree that each incident will be addressed on a case by case basis to promote a uniform response proportional to the unique factors applicable to the student, the student's discipline history and the specific behavior incident.

Any student can be taken directly to **WaKeeney Police Department** for any offense if deemed appropriate by a law enforcement officer.
- C. The school district and/or law enforcement shall inform the County or District Attorney's Office of the student's cooperation in this process. In any future proceedings, the County or District Attorney may take into consideration the student's performance and/or cooperation.
