

Suicide Prevention

USD 208 works hard to support our students, staff, and community in every way we can. To help ensure the social and emotional well being of all individuals associated with USD 208, all staff will be receiving training in suicide awareness and prevention. We encourage all parents and any individuals that work with children to also go through the training. The training that USD 208 is providing can be found on the website <http://jasonfoundation.com/> and is free of charge.
